

A RESOLUTION

To encourage the General Assembly of Virginia to provide for limitations on the use of evidence obtained from the domestic use of drones and to preclude the domestic use of drones equipped with anti-personnel devices.

WHEREAS, the rapid implementation of drone technology throughout the United States poses a serious threat to the privacy and constitutional rights of the American people, including the residents of Charlottesville; and

WHEREAS, the federal government and the Commonwealth of Virginia have thus far failed to provide reasonable legal restrictions on the use of drones within the United States; and

WHEREAS, police departments throughout the country have begun implementing drone technology absent any guidance or guidelines from law makers;

NOW, THEREFORE, LET IT BE RESOLVED, that the City Council of Charlottesville, Virginia, calls on the United States Congress and the General Assembly of the Commonwealth of Virginia, to adopt legislation prohibiting information obtained from the domestic use of drones from being introduced into a Federal or State court, and precluding the domestic use of drones equipped with anti-personnel devices, meaning any projectile, chemical, electrical, directed-energy (visible or invisible), or other device designed to harm, incapacitate, or otherwise negatively impact a human being.
